

New U.S. Patent Application
PRELIMINARY AMENDMENT

PATENT

1821. (Once Amended) A pharmaceutical preparation comprising a delivery device according to claim 15.

28. (Once Amended) A method for administering a biologically active agent to a human or animal, wherein said method comprises implanting, injecting or mucosally attaching a delivery device, wherein said delivery device comprises a controllably biodegradable fibre according to claim 8 and wherein the fibre comprises a biologically active agent.

IN THE ABSTRACT:

Please insert the attached Abstract into the application after the claims.
